Packaging

For Convenience • Protection • Easy Handling

CARD-MOUNTED NUMBERS AND LETTERS are packaged in easy to stock and stack Brady-Pacs, 25 identical Cards in each Pac. Flip-Out cover allows quick selection of one or any number of Cards without removing Brady-Pacs from shelf. Contents identification on flap tells what's in each box.

DIE-CUT VINYL NUMBERS AND LETTERS AND BRADYLITE MARKERS are packaged in sparkling, clear plastic boxes, 25 identical markers to each box. Insert tells contents, gives application instructions. Boxes are reusable for storing small parts in office, workshop, home.

Reflective

BRADYLITE

200TB*

*200 times brighter than a white painted surface

Pressure-Sensitive Numbers and Letters

Bradylite Numbers and Letters let you make up your own REFLECTIVE signs, markings and codes — quickly, easily, and economically. Markers are installed in seconds . . . just peel off liner and apply to surface. They're pressure-sensitive — no nails, screws or mechanical fasteners needed. Bright yellow numbers and letters on black background reflect over 200*times more light than white painted surfaces . . . easy to spot in case of power failure, other emergencies.

PERMA-PRINTED® Bradylite Markers are fadeproof, abrasion and heat resistant, weatherproof — outlast painted, stencilled, stamped or screened identification five to one.

Uses for

BRADY

Numbers and Letters

No special skill is required to identify this column with Brady Self-Sticking Markers. They conform to the radial surface of the column . . . stick tight even to rough or compound-curved surfaces.

FIRE STA-36

Two sizes of Brady Markers designate Fire Station and Extinguishers. Markers stick instantly and permanently to both concrete block wall and metal Extinguisher surfaces.

These interplant tote boxes belong to, and must be returned to Department 8C as designated by "DPT8C" on each side of the container. Brady Markers stick, and stay stuck, to any clean, dry surface without moistening.

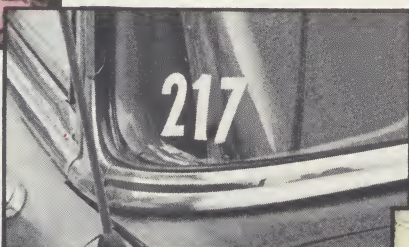

"Shaded" lettering is made up quickly and easily by applying black vinyl letters over white or yellow letters of the same size.

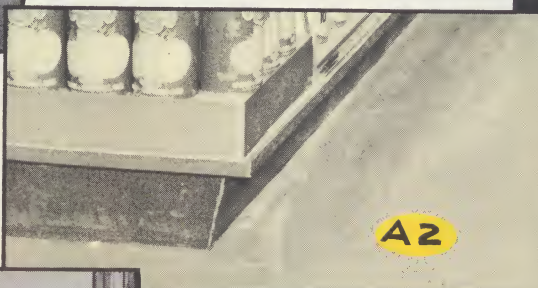

79 P

This utility pole is marked with 2" black die-cut Numbers and Letters on 3" x 8" Reflective Bradylite Mounting Panel.

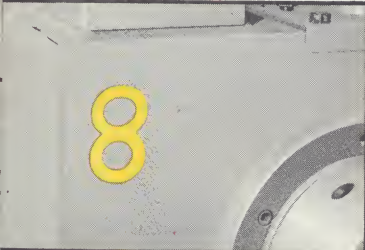

2" high die-cut adhesive-faced numbers identify the parking stall for this vehicle. Adhesive-faced Numbers and Letters are special, made-to-order items.

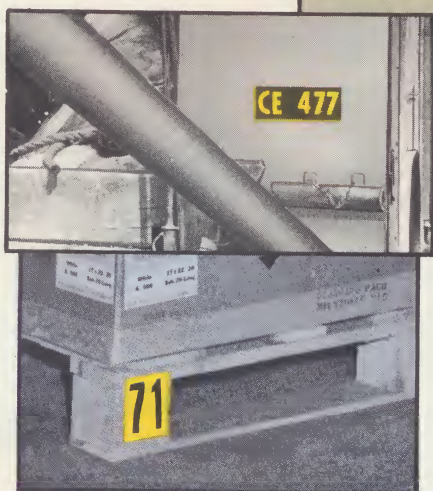

2" high black die-cut vinyl numbers, on 3" diameter yellow vinyl targets, mark supermarket aisles. Customers locate foodstuff groups quickly — "by the numbers."

8

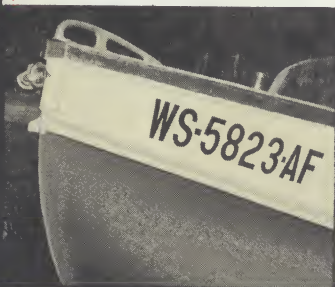

Three inch die-cut vinyl "8" marks this work station. Applied directly to machine, the marker resists dirt, oil and abrasion.

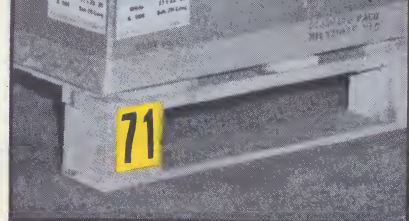

"CE 477" identifies this utility pole truck. Marking combines Brady 2" yellow die-cut vinyl Numbers and Letters on 3" x 12" black vinyl Mounting Panel.

WS-5823AF

3" high die-cut Numbers and Letters identify this boat with the official number assigned to the owner.

Skids, Pallets and Floor Trucks for interdepartment or interplant use are plainly marked with department designation to insure return.

Brady Self-Sticking All-Vinyl die-cut Numbers applied to the floor identify the adjacent pallet racks.

SPECIAL

Numbers and Letters

Different sizes of Brady stock Numbers and Letters can usually be combined to meet any marking or identification requirement. However, if you require Number and Letter Markers in special color combinations . . . or in sizes other than those available from stock, Brady can give you the self-sticking Markers you require. (See examples of Special Numbers and Letters at the right.)

SPECIAL

Markers

To Supplement Brady Numbers and Letters. Order Special Markers to combine a special emblem, prefix or suffix with stock Brady Numbers and Letters to complete a legend. Examples are illustrated and described at the right. Brady can furnish these "specials," when you require them, to match the size, style and color of stock Numbers and Letters you use with them. In this way you get the advantage of custom identification at low cost.

SPECIAL

Printed Numbers and Letters

MOUNTED ON **BLUE-STREAK®** LINERS

Special made-to-order Numbers and Letters can be furnished on Brady **Blue Streak®** Liners. They are recommended for applications where larger self-adhesive Number and Letter Markers are required. Any size, shape, color combination. See examples of liner-mounted numbers at bottom right.

How to Order

Special Numbers and Letters

Send us a sketch for each "special" you need. Specify size, color, quantity. When submitting your sketch, tell us about your particular application: kind and condition of surface Markers will be applied to; outdoors or indoors; extreme heat or cold; acid fumes; etc. We will send test samples suited to your needs.

SPECIAL SIZES — Brady Markers can be made up in any size to meet your particular needs. The size of your individual markers will determine card size, and number of markers on each card.

SPECIAL WORDING — Location of Marker, and effective visibility distance determines character size. Make rough sketch indicating arrangement of Numbers and/or Letters and approximate size of characters.

SPECIAL COLORS — Special Numbers and Letters will be furnished with the wordings in black on any of these standard background colors: White, Yellow, Red, Green, Blue or Orange. We can also furnish any other color combinations, to meet your requirements.

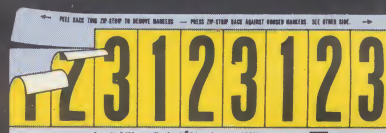

SPECIAL EMBLEMS, ETC. — We can reproduce special emblems, insignia or illustrations. If possible, send us a black-and-white drawing of the illustration you desire. If you do not have finished drawings, our artists will make them from your rough sketch. Artwork, when necessary, and not provided by the customer, is billed at cost.

SPECIAL SHAPES — For special applications Brady Markers can be pre-cut to any shape you specify.

MINIMUM ORDER: Stock Products, \$15.00; Special Orders, \$25.00.

ASSORTMENTS AND QUANTITY PRICING: CARD-MOUNTED — All Brady stock card-mounted products may be combined for quantity price, but whenever cards are included in a minimum order, at least 25 assorted cards must be ordered.

SPECIAL CARD-MOUNTED products may not be assorted with stock products for quantity price. Special card-mounted products may be grouped for quantity pricing provided each item is of similar construction (tape, card size, number of starter strips) and 250 or more identical cards of each Special product are ordered.

Our products are sold with the understanding that the user will test them in actual use and determine for himself their adaptability to his intended uses. Our products are warranted to be free from defects in material and workmanship at the time sold by us but our obligation under this warranty and that of the seller is limited to the replacement of the product and neither we nor the seller are bound by any other warranty, express, implied or statutory. Under no circumstances are we or the seller liable for any loss, damage, expenses or consequential damages of any kind arising out of the use or inability to use our products.

dered. Each Special card-mounted product for less than 25 identical cards takes the special card price for the quantity.

LINER-MOUNTED AND PANELS — Total number of packages of any stock liner-mounted product (Die-Cut Numbers and Letters, Bradylite, Panels) determines the quantity price. Different Product Groups may not be assorted.

SPECIAL NUMBERS AND LETTERS: Prices shown above for Special Numbers and Letters are for black printing on our standard white, yellow, red, green, blue or orange background. Add \$5.00 for other than black printing. If other than standard background colors are required, add \$20.00 unless 1000 or more cards of the special color are ordered.

For prices and specifications on marker material other than standard Brady B-500 Vinyl Cloth, write for Special Marker Bulletin No. 132.

TERMS: 2% 10 days; net 30 days; f.o.b. factory, Milwaukee, Wisconsin. All orders subject to acceptance by the factory. When ordering through a distributor, his terms and f.o.b. point apply. Prices subject to change without notice.

DELIVERY: Immediate on stock orders; 2 to 3 weeks on special orders.

Correct Key Punch Errors Fast, Easily
with NEW **BRADY** Supropaque

KEY PUNCH CORRECTION SEALS

Brady Supropaque Correction Seals give you the fastest, positive, permanent method for correcting key punch errors. Designed for correcting mispunched cards used on *all* types of EDP equipment.

The 1/4" x 1/4" seals are made of tough du Pont Mylar.* Heavy, constant use of corrected Tab Cards cannot weaken the seal, cannot punch through. Lights in photoelectric sensing equipment, and electrical current cannot penetrate the super-opaque, highly non-conductive Mylar seals. Corrections register "positive" in verifier.

Brady Key Punch Correction Seals are pressure-sensitive. Stick tight without moistening, glue, paste or messy liquids . . . make clumsy, unsanitary lick-and-stick methods old fashioned. They are "packaged" 228 pre-cut seals on handy Blue Streak® Dispenser Cards, ready for instant use. Application is the quickest ever . . . just center seal over hole, and press down. That's all! Fingers never touch adhesive . . . mispunched hole is permanently plugged in only 3 1/2 seconds! Seals cost less than 1/8c each.

Seals are opaque white on top side, bright, lightproof red on adhesive side — Red color "flags" reverse side of tab card . . . corrected cards may be sorted out manually.

Brady Key Punch Seals are recommended for all types of electronic data processing systems. They are indispensable for operations where delivery of original signed or validated document is required, such as stub card invoices used in cycle billing systems.

OTHER TYPES OF BRADY KEY PUNCH CORRECTION SEALS DESCRIBED INSIDE

COPYRIGHT 1964, W. H. BRADY CO.

*DU PONT'S REG. T.M.

- ★ Use with ANY type EDP equipment or system
- ★ Super thin . . . feed smoothly without jamming
- ★ Saves repunching time . . . saves cards
- ★ Self-sticking . . . permanent . . . positive
- ★ Super opaque . . . will not read through on photo-sensing equipment
- ★ Red color on adhesive side "flags" corrected cards

SEE OTHER SIDE. →

W. H. **BRADY** CO.

The last rows of Correction Seals on each Dispenser Card are one-third size. They are used to correct key punch errors between two holes in the same line, where space does not permit using a full-size Seal.

Manufacturers of Quality Pressure-Sensitive Industrial Tape Products, Self-Bonding Nameplates, Automatic Machines for Dispensing Labels, Nameplates, Masks and Tape. Est. 1914

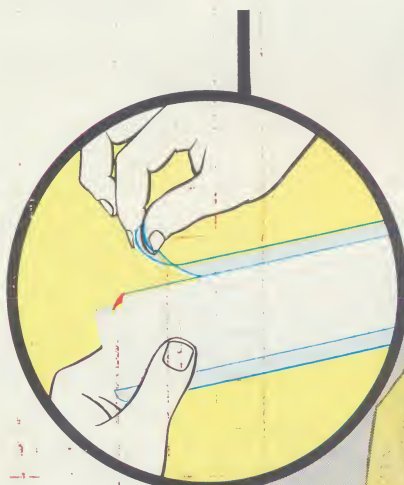

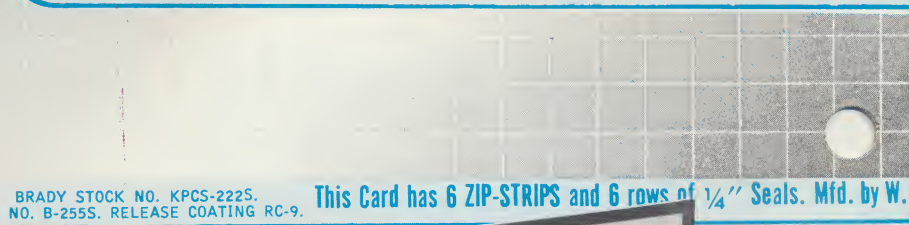

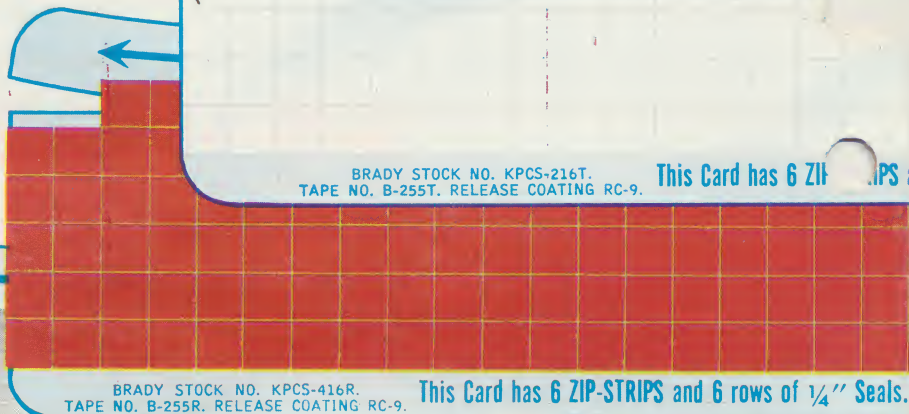

Choose From FOUR Styles of **BRADY** Key Punch Correction Seals

KPCS-216W/R Suprapaque Seals — The all purpose seal for all EDP Operations. Seals are white on the top side, red on adhesive side. For photoelectric sensing.

KPCS-216T Transparent Seals for applications where typed information must read through seals. (Example: Mark sense cards.) Not for photoelectric sensing.

KPCS-416R Opaque Red Seals for applications where cards are microfilmed. (Red seals photograph as corrections on film.)

KPCS-222S Silver Seals recommended for corrections on cards which are photoelectrically sensed.

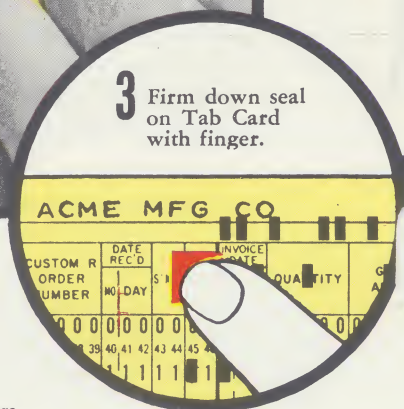

1 Remove Zip-Strip from card. Zip-Strip comes off in one motion, releasing a full row of 38 seals for instant use.

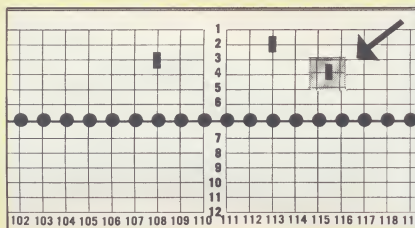

2 Center First Seal on Card over mis-punched hole in Tab Card. Press seal down, and simultaneously pull dispenser card away from seal.

3 Firm down seal on Tab Card with finger.

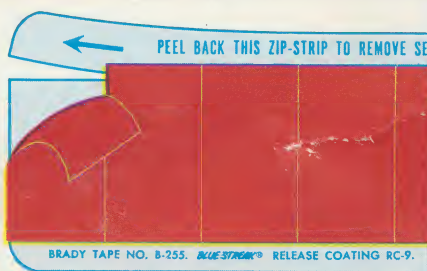

Brady Key Punch Correction Seals are stocked by Distributors in 300 Cities to give you fast, local service.

Brady Key Punch Correction Seals can be used to plug punched holes in program tapes. Program tapes incorrectly punched, or requiring simple modification can be speedily changed with self-sticking Brady Seals. Seals stick at a touch. Stay where they're placed. Feed thru mechanism without jamming or error.

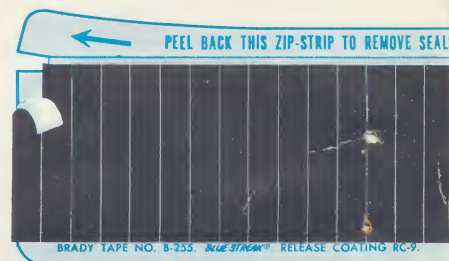

FIELD CORRECTION SEALS

Field Correction Seals — (13/16" x 1-7/16") in Opaque Red or Transparent self-sticking Mylar* are available on special order. Eleven (13/16" x 1-7/16") Field Correction Seals per 2" x 9" Blue Streak® Dispenser Card. Super-thin large Seals permit closing off a specific field before or after sorting or reading. See price list W2-X on page W4. Minimum order, \$25.00.

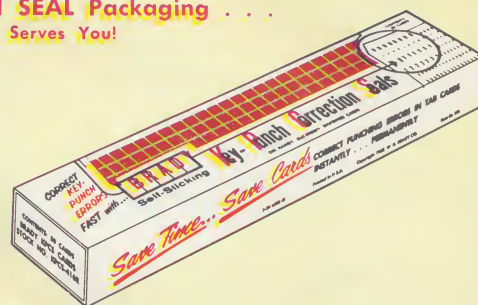

*DU PONT'S REG. T.M.

Special Seals — Brady Key Punch Correction Seals can be made in sizes other than 1/4" square. Minimum order is \$25.00. See price table W2-X on page W4. Seals are available in other than stock colors. Minimum order is 250 identical cards. Write for information, describing your application in detail.

BRADY KEY PUNCH SEAL Packaging . . . Saves Time, Saves Seals, Serves You!

Brady Key Punch Correction Seals are packaged 50 identical cards in rigid plastic see-thru sleeves. Keep cards of seals factory-fresh until used. Protect cards from dust and dirt. Easy to store, stock and inventory.

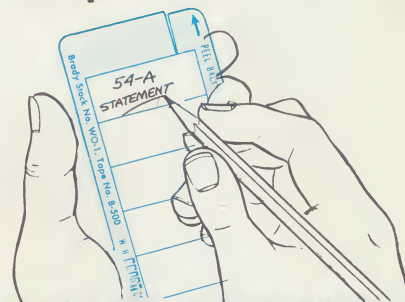

Other **BRADY** Self-Sticking Products for Efficient Tab Department Operation

Write On

LABELS

Self-sticking labels mounted on Blue Streak® Dispenser Cards. Use to identify control panels, tape reels, other data processing equipment. Made of pressure-sensitive vinyl cloth, aluminum foil or paper. Fill in with pen, pencil, ballpoint, typewriter or rubber stamp. Use Dispenser Card as handy writing board. Thirty-six different blank label styles and sizes, from 1/4" x 1 1/2" to 2 1/4" x 2 1/4", in stock. Write for bulletin No. 131 and free samples.

PERMA-SHIELD LABELS

Permanently protected labels for Tab card drawers, wired panels and storage boxes. Write, stamp or type identification on label, and apply. A clear, self-sticking Mylar cover accompanies each label. Place cover over label for maximum protection. Resist smudging, scuffing, oil, fluids. Labels come in roll form with five border colors. Twelve sizes from 1/2" x 1-5/8" to 3-5/8" x 3-5/8". Labels are tamperproof, cannot be reused. Write for bulletin No. 531 and testing samples.

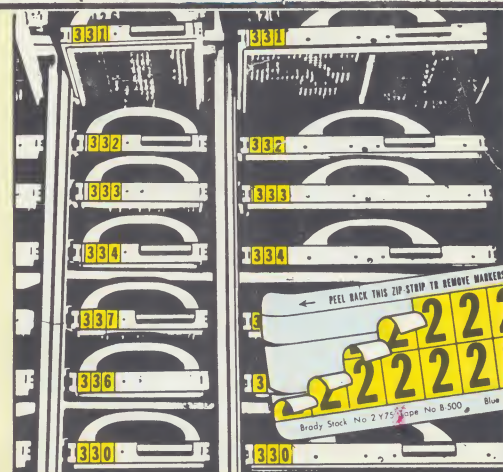

*DU PONT'S REG. T.M.

BRADY Numbers and Letters

For fast, economical identification of control panels, racks where panels are stored, other Tab department equipment. Numbers are self-adhesive . . . require no moistening or fasteners. Seven sizes, from 3/8" to 5" high. Numbers 0 thru 9 and letters A thru Z with all identical letters or numbers on the card printed in black on bright yellow background. Each number and letter is pre-cut, mounted on handy dispenser card. Make legends or number identification at low cost.

Combination cards containing sequences 0-9 and A-Z available. Write for bulletin 165 and free samples.

BRADY . . .

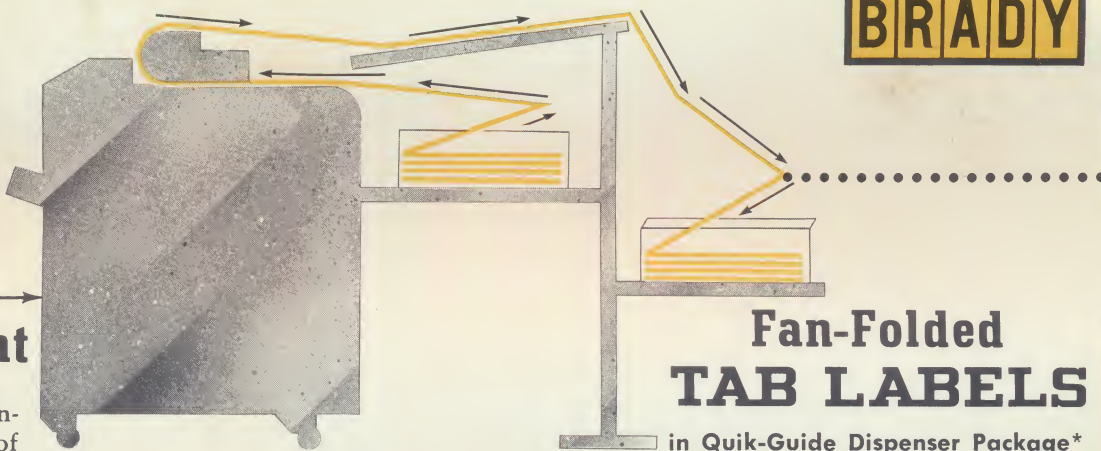

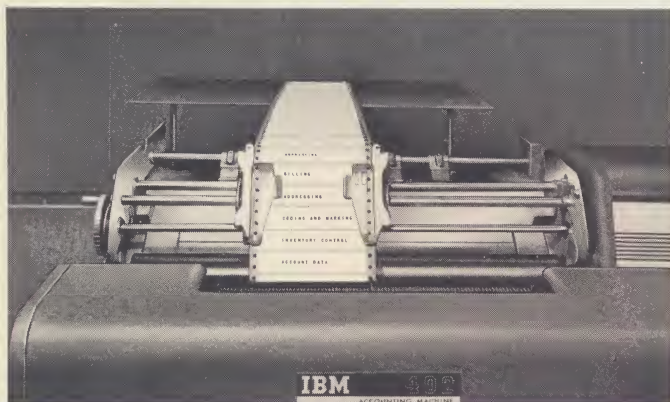

Designed For HIGH SPEED

EDP Equipment

Brady TAB LABELS help increase the utility and value of your EDP equipment. They allow fast, efficient preparation of labels for stock identification, mailing, file folders, packaging, production control, accounting, account changes, record posting and dozens of other applications, using existing cards or tapes and your standard print-out equipment. No accessory equipment, attachments or modifications are required.

Fast, Easy to Use

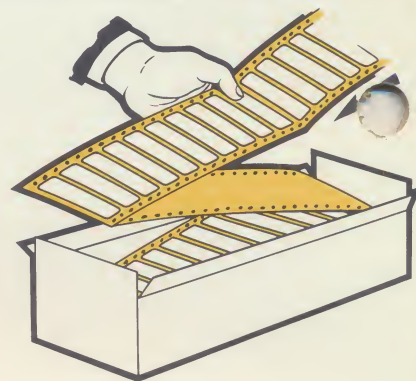

Brady TAB LABELS are as easy to use as any stock marginally punched form. They are quickly inserted in any printer with forms tractor or pin feed platen . . . feed at high speeds without jamming or fracturing . . . print clearly and accurately, without smudging or fill-in.

Fan-Folded TAB LABELS

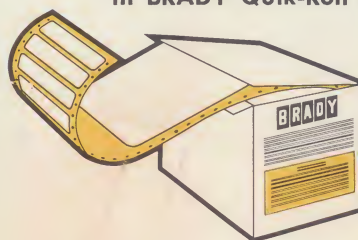

in Quik-Guide Dispenser Package*

TAB LABELS feed directly from tray of package into printer. Labels re-fold automatically . . . "funnel" into exclusive Quik-Guide container which forms cover of package. 5000 TAB LABELS per standard package. May be used to store printed-in-advance labels:

Roll-Form TAB LABELS

in BRADY Quik-Roll Dispenser Package

TAB LABELS feed freely and continuously from roll holder built right into Quik Roll package. 2500 TAB LABELS per standard package.

Package for both styles of TAB LABELS has space to write in number of labels used . . . Provides constant visible inventory without opening box and counting labels.

**These Quality TAB LABELS Features Assure
RELIABLE PERFORMANCE ON EVERY RUN.....**

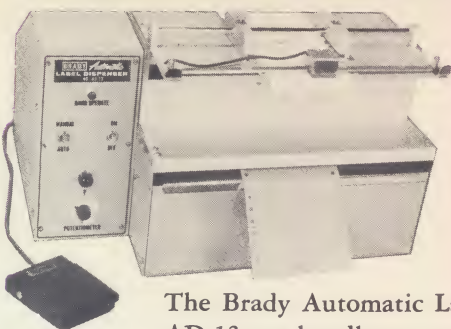

... PRESSURE-SENSITIVE

TAB LABELS

Automatic

DISPENSING
with **BRADY**

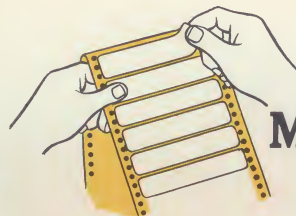

TAB LABEL DISPENSER

MODEL NO.
AD-13

The Brady Automatic Label Dispenser No. AD-13 can handle any manual or automatic pressure-sensitive label dispensing job easily . . . inexpensively. Especially designed to fulfill pressure-sensitive label dispensing requirements that formerly called for custom built dispensers. Its advanced features provide the utmost in low-cost, efficient, trouble-free operation for any pressure-sensitive label dispensing job . . . anywhere.

★ **DISPENSES LABELS TO 13" WIDE** — Accommodates labels from 1/2" wide to full 13" carrier width, fan fold or roll stock.

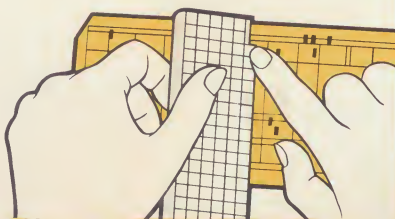

Manual Dispensing

Labels peel fast and easily from carrier liner . . . release without curling or tearing. Normal handling and burnishing cannot smear printing. Easy dispensing right from TAB LABEL Quik Guide or Quik Roll package.

Other **BRADY**
Self-Sticking
Products for Efficient
Tab Department
Operation

KEY PUNCH CORRECTION SEALS

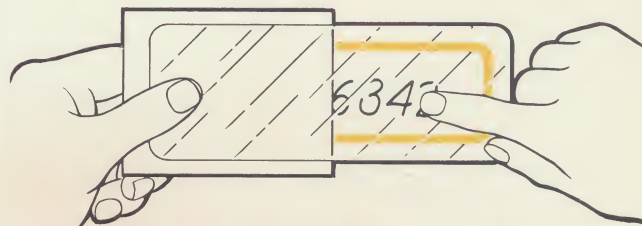

Self-sticking seals for correcting errors in punched Tab Cards. Made of super-thin Mylar* . . . go on fast . . . run smoothly through equipment. Positive corrections made every time. Won't read through on mechanical contact, photoelectric or mark sensing equipment. Easy and fast to apply — only 3 1/2 seconds from dispenser card to tab card. No moistening.

Ideal for stub card invoices and master record cards where original vouchers must be returned to customers.

New Supropaque red/white seals, plus red, metalized silver and transparent, available from stock.

*DUPONT'S REGISTERED TRADEMARK

Write for Bulletin 188

PERMA SHIELD LABELS

Permanently protected labels for card drawers, wired panels and storage boxes. Write, stamp or type identification on label, and apply. Clear, self-sticking Mylar* cover accompanies each label. Place cover over label for maximum protection. Resist smudging, scuffing, oil, fluids. Labels come in continuous form. Eight border colors . . . Twelve stock sizes from 1/2" x 1 5/8" to 3 5/8" x 3 5/8". Labels are tamperproof, cannot be reused. Write for bulletin No. 531-A and testing samples.

TAB LABELS

DISCOUNT

Special Discount

- 
- **Specially Formulated Label Stock** designed for EDP use. Provides proper balance of surface characteristics and resilience for sharp, clear, print-out. Pure white for maximum contrast. Ribbon ink dries immediately . . . will not smudge, smear or fill-in. Opacity of stock assures minimum see-thru when labels are used for correction.
 - **High Quality Easy-Release Adhesive** sticks at a touch to any clean, dry surface without moistening . . . holds labels in place permanently, without lifting or corner curling.
 - **Fracture-Proof Carrier Liner** precision punched for trouble-free, continuous feeding. Brady's advanced manufacturing process assures smooth, unbroken surface . . . tear resistance at highest EDP speeds.
 - **Precision Quality Control** — TAB LABELS are spaced accurately on carrier liner . . . no missing labels . . . no confetti or waste left to jam your equipment.

Write-On

LABELS

Self-sticking labels mounted on Blue Streak® Dispenser Cards. Use to identify control panels, tape reels, other data processing equipment. Made of pressure-sensitive vinyl cloth, aluminum foil or paper. Fill in with pen, pencil, ballpoint, typewriter or rubber stamp. Use Dispenser Card as handy writing board. Thirty-six different blank label styles and sizes, from $\frac{1}{4}$ " x $1\frac{1}{2}$ " to $2\frac{1}{4}$ " x $2\frac{1}{4}$ ", in stock.

Write for bulletin No. 131 and free samples.

NUMBERS and LETTERS

For fast, economical identification of control panels, racks where panels are stored, other Tab Department equipment. Numbers are self-adhesive . . . require no moistening or fasteners. Six sizes, from $\frac{3}{8}$ " to 5" high. Numbers 0 thru 9 and letters A thru Z with all identical letters or numbers on the card printed in black on bright yellow background. Each number and letter is pre-cut, mounted on handy dispenser card. Make legends or number identification at low cost. Combination cards containing sequence 0-9 and A-Z also available. Write for bulletin 165 and free samples.

BRADY TAB-LABEL PRICE LIST

BRADY
PRICE LIST
NO.547-1A

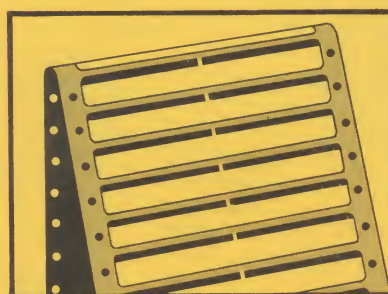

STOCK BLANK TAB-LABELS — Sixteen sizes from 5" x 1-15/16" to 2-3/4" x 7/16" available for immediate delivery. Permanent adhesive. Stock numbers and prices shown on pages 2

and 3. Contact your Brady Tab-Label Distributor or write for prices for these sizes imprinted with special copy.

DOUBLES AND TRIPLES — Save machine time with multiple Tab-Labels imprinted 2 or 3 at a time. Vertical perforation between rows permits labels to be broken into "singles" for easy dispensing or routing to other departments. Available in sizes 4" x 1-7/16", 5" x 15/16" and 3-1/2" x 15/16" from stock. Other sizes made to order. See pages 2 and 3 for stock list and prices.

STOCK FILE FOLDER LABELS — Pressure-Sensitive Tab-Labels with 1/8" wide color band for easy color coding of file folders. Can be used to indicate department, year or confidential

information. Available from stock with red, blue, yellow, green, orange or brown band, plus plain white. See pages 2 and 3 for stock list and prices.

SPECIAL TAB-LABELS, made to order in any size you specify. Imprinted with special copy, trademarks, rules, etc., that you require. Contact your Brady Tab-Label Distributor or write for prices, enclosing sketch of special Tab-Labels. See page 4 for layout grid and addressing information.

SPECIAL COLORS — Special, made-to-order Tab-Labels are printed black on white background, colored ink on white background, or black or colored ink on colored background. Standard background colors for special Tab-Labels are pink, blue, green, yellow and white. Contact your Brady Tab-Label Distributor or write for prices.

REMOVABLE ADHESIVE — Stock Tab-Labels have permanent non-removable adhesive . . . labels cannot be removed and reapplied. Tab-Labels are also available with removable adhesive. They peel fast and clean from surface to which they are applied . . . leave no adhesive residue. Contact your Brady Tab-Label Distributor or write for prices for Tab-Labels with removable adhesive.

ORDERING INFORMATION

Special TAB-LABELS may be ordered in a wide range of sizes, colors and materials. They may be die-cut to special shapes when required. Follow these instructions when ordering SPECIAL TAB-LABELS, or requesting quotations.

SIZE: Maximum horizontal dimension of label is 12-1/4".

Note: Labels with ROUND CORNERS are spaced with minimum 1/16" between labels on the carrier liner. Labels with SQUARE CORNERS are furnished with no space between labels.

COLOR: Standard background color is white. Labels can be furnished with any printing color or colors. Pink, Blue, Green and Yellow stock backgrounds available...ask for prices.

MINIMUM ORDER: Imprinted TAB-LABELS in stock sizes: 10,000 identical labels. Imprinted or plain TAB-LABELS in other-than-stock sizes: Contact your Brady TAB-LABEL distributor or write for information.

SPECIAL SHAPE: Standard shapes for TAB-LABELS are square or rectangular, with or without rounded corners. Special die-cut shapes are also available. Contact your Brady TAB-LABEL distributor or write for information.

SPECIAL MATERIALS: In addition to high quality self-sticking paper, you can order Brady TAB-LABELS made from a wide choice of pressure-sensitive materials including Plastic Cloth, Reinforced Plastic and All-Vinyl. Write for information, stating end use of TAB-LABELS.
